### **Area(s) of Expertise**

For the last five years, I have led English across the school but with a particular focus on KS2. As part of this role, I have been involved with all teachers across all year groups providing support and intervention where necessary. I have worked closely with members of SLT whilst being involved with Pupil Progress meetings and analysis of data relating to English. In recent years, we have developed the teaching and assessment of writing across the school and have completely revamped the way this is taught. We have invested thoroughly in reading across the school, re-developing our school library and enhancing our reading areas to promote a love of reading across the school. We have placed a huge focus on the teaching of reading across the school and continuously monitor and develop this area. Along with this, a lot of work has been done and continues to be done in relation to developing children's vocabulary across the school.
