Area(s) of Expertise

- I have been successful in building leadership capacity and developing distributive leadership in my school – middle leaders and senior leaders now all play a vital role in ensuring school improvement and all staff are held accountable for their role. The careful coaching of leaders/aspiring leaders has played a large part in building the effectiveness of my school.
- I employ effective systems for school improvement planning, particularly in leading improvements in reading, writing and maths. I have moved my current school from RI to Good in two years
- I have developed effective data analysis and tracking systems; I have coached and mentored colleagues in the use of data to drive school improvement; I have developed data reporting systems to support the governing body in discharging their strategic role.
- I have led my staff in developing the Catholic Life of the school, leading the improvement of collective worship (including pupil led collective worship) and reviewing the school mission. Our current Section 48 judgement, carried out under the new framework, is 'Outstanding'.
