5th January 2020

Dear Parents and carers of Year 2 pupils,

I am writing this letter to follow up the information you have received on Monday 4th January which outlined the need for pupils of all year groups to work remotely until mid-February, unless they are children of key workers or vulnerable children.

As you are aware, for children who are at home, we are now switching our learning to Google Classroom and will look to ensure that we continue with our school timetable to the best of our ability. To support this, we have attached a timetable for your information for online learning which will begin from Wednesday 6th January 2020. Our year group bubble, who are working remotely, will meet each day on Google Meet at 9:15am. A video to show you how to log in to Google Classroom and access the Google Meet link can be found here:

As always, we are available to help and assist yourself and your child to minimise any disruption. Please try and submit any work through the Google Classroom platform to assist us in having a central base to give feedback for any home learning.

Some lessons will have video inputs that will be recorded and attached to the instructions for the subject throughout the week to help you. We may also invite you to live links to support specific needs of the children.
